

# PinK Girl Ethiopia

Providing Academic Counseling and Life Skills for girls in 7th-12th grades so they will successfully pass High School and attend a University

Computer Classes

12th grade stress relief event

## Welcome our new 7th grade class

Each year the new 7th grade girls are chosen by principals from 8 different schools based on need and desire=35 girls and we now have 250 girls in 7th-12th & 140 in universities

Amhara Media produced a 90 minute documentary on PinK Girl that aired in January and February 2019. We hope to get a link so our USA, Canada and Australia supporters will be able to watch it soon.

**Life Skills**  
Self Awareness, Conflict Resolution, Friendship Formation, Assertiveness

English Day Camp is a highlight each summer. The girls enjoy classes in Written English, Spoken English and Math. After lunch, they participate in games, zumba and drama. Singing is one of the better ways to learn English so you will hear songs like *If you are happy and you know it, this old man, Sarasponda, chicka boom* and more. Songs are with hand and body motions and together we sing aloud.

The girls earn points for speaking English, team wins, drama participation and assertiveness. At the end of camp they use the points to shop at our camp store. College girls and PinK Girl alumni are the leadership team for camp.
